"Shipshape – Seashape" at the **Round Palagruža Cannonball**

The race for those who really love the sea:

Solid seamanship in challenging conditions earned competitors in the first three Round Palagruža Cannonball editions wide acclaim.

True, Cannonball competitors are as capable in boathandling, speed and tactics as any raceboat sailor.

But the quality that makes them stand out as a truly special breed is their deep, unyielding love for the sea.

Without this love, trashing a boat through day and night and rain and shine to a lonely rock in the middle of nowhere and back just would not make sense. Yes, we are deeply in love with our Great Green Mother. And this year, it shows:

***Cannonballers go Clean:
Participating yachts will separate their waste
and discard it eco-friendly!***

Why? Because we have a message for the whole sailing community:

***“What can be done during a Round Palagruža Cannonball,
can be done on any cruising yacht, in any weather, any day.”***

***We all want a clean and healthy environment to sail in,
and provided everybody makes the necessary contributions,
we can have it - and enjoy it.***

We have a message for our host countries as well:

***“Clean waters and shores are important to us.
We make our contribution. And we appreciate yours.
Thank you for your hospitality!”***

Living Ocean Society
Gesellschaft für Meeres-
und Klimaschutz

This is a voluntary initiative!

4 Crews already announced that they Go Clean:

51 Cape Code	Klaus Pitter (YCTM) – Josef Kornfeld (YCTM) / Yachtcharter Pitter	Marco Mittermeir, Engelbert Prutsch, Hermann Schultheiss, Erwin Lang
57 Hobart	Christian M. F. Schifter (YCA) – Gerhard Böhm (YCA) / Pantaenius	Andreas Zinser, Lukas Rittler
62 San Tropez	Miša Strobl (NCA) – Gerhard Tüchler (NCA) / ReefRaffRacing	Alexander Harrich, Daniel Kollreider, Josef Frühwirt, Mario Reiterer, Markus Gaugeler, Nikolas Strobl
63 San Diego	Ronnie Zeiller (NSA) – Markus Hofstätter (NSA) / Alles Yacht	Christoph Hörhahn, Robert Kalasek, Mike Lynn, Klaus Selmeister, Sonja Lattenmayer, Werner Schroeder

Further Clean Going Crews please announce their participation either to the race committee or directly to markus.steiner@living-ocean.org

Clean Going Service

Living Ocean, our partner in this initiative, will join us in Biograd and service the crews. All Clean Going Crews

- will get the necessary garbage bags for separating metal, plastics, glass and other mixed garbage
- can hand over their separated garbage to the Clean Going Service crew before the start and after passing the finish line
- for environmentally correct discarding.

Thank you:

All competitors in the Clean Going Crews are awarded with

- the "Shipshape –Seashape" certificate
- a cost-free Living Ocean–membership 2011 (not automatically extendable beyond 2011!)
- the Living Ocean t-shirt
